

## P.6 Mother's Day

Today, I celebrated Mother's Day with my family and we all had a wonderful day.

In the morning, I didn't need my mother to make breakfast for Dad and me. Today's breakfast was prepared by me! I made an omelette for Mum and Dad. Mum smiled. Dad said, 'What a delicious omelette!'

In the afternoon, we went to the Town Hall to watch a magic show. We enjoyed the show. On the stage, there was a magician holding his hat. Two doves flew away and a rabbit jumped out of the hat! We clapped and cheered. What an amazing performance! Next, we went to The Peak by Peak Tram. I was excited because this was my first time to take the Peak Tram. It was so beautiful to watch the sea view from the tram. We had a nice afternoon at The Peak.

At 8 p.m., while we were watching the night view of Victoria Harbour, a wonderful light show started. A symphony of lights! Mum was surprised.

We were delighted because we had a happy Mother's Day!

In the morning, I got up earlier than Mum and Dad because I wanted to prepare breakfast for them. I cooked ham and eggs. When I had just finished preparing breakfast, they got up. After they ate my 'creations', they said, 'It's very delicious!'

Then, we went to the Town Hall to watch a magic performance. We liked this magic show very much. The magician made some doves and rabbits run out from his magic hat. We gave him a big clap. After that, we took the Peak Tram to The Peak. Mum was happy because it was her first time to take the Peak Tram. We arrived at The Peak after fifteen minutes. When Mum saw the shopping centre, she ran as quickly as she could to buy things she liked. After one hour, Mum had bought a lot of things. Dad said, 'It's time to watch the sea view.' He took us to a place which was good to watch the sea view. The sea was very beautiful. I was surprised because the view was really wonderful.

Finally, time was running out so we went home. We were all happy today.

How are you? I am happy to receive your e-mail.

In Hong Kong, some children never went to school 60 years ago. However, all children can go to school now. We live in flats and the toilets are inside now but 60 years ago, people lived in small huts and the toilets were outside! We are lucky!

I like the life in Hong Kong now because I like playing electronic games. How about the life in the USA 60 years ago? I look forward to receiving your letter.

Your friend,

Emily
